RE: Winter Athletics and COVID-19

DATE: 01-15-21

Good Afternoon,

Here is the latest update on the 2021 winter athletic season.

Limited practice and conditioning can begin tomorrow January 16. Several of our high school teams will begin with conditioning/practice Saturday, Jan. 16. The rest of them will begin on Monday, January 18. Please know that practices will be limited in what the kids can and cannot do. However, all athletes still need to mask up, and stay socially distanced. Also, the MHSAA has released a new tournament schedule. Listed below are the *expected* first days of regular season competition for each sport:

Boys and Girls Bowling	Monday, January 25
Boys and Girls Basketball	Tuesday, February 9
Competitive Cheer	Saturday, February 13
Gymnastics	Monday, February 1
Ice Hockey	Friday, February 5
Wrestling	Wednesday, February 10

Dance competitions are going to be dependent on virtual options that may be available.

Please know that the above dates and information is subject to change. As of today spring sports are still scheduled to begin ontime. This could make for a very hectic month of March. We will continue to work with our staff and athletes to provide them the best possible athletic experience we can this year.

Our office will continue to communicate with you as we get more information.

Sincerely,

Charlie O'Dell,
Director of Athletics
Kenowa Hills High School
